

Trine University Retention Rate

These numbers reflect the retention rate for incoming, full-time undergraduate students based upon their year of entry into the university. Retention is measured for first-time full-time undergraduate students as those in a particular fall cohort who returned to take classes the following fall.

Please note: Cohort refers to a first-time full-time degree-seeking undergraduate who either matriculated in that fall term or in the previous summer term.

Undergraduate Retention Rate for Full-time 2017 Cohort

First-time, full-time bachelor's seeking student retention rate 79.57%
