

Letter of Intent

All applicants are required to submit a Letter of Intent (LOI) indicating their intent to apply for a charter with Education One. The LOI must be submitted prior to submitting an initial proposal. A submission of an LOI does not obligate a submission of an initial proposal to Education One. However, schools should be advised that the LOI is subject to Indiana's Public Access Laws, including public records requests.

Please send all completed documentation via email to:

Provide the proposed school's mission.

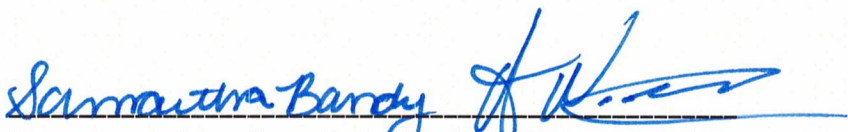

Dynamic Minds Academy aims to bridge the gap between treatment and education for students with autism spectrum disorder by providing evidence-based practices for personal growth within an optimal learning environment.

Briefly describe the proposed school model and how this model addresses innovation in education and the proposed community needs.

Building off our already successful model, we would like to further enhance our high school student experience, by providing more post-high school and career readiness experiences. Allowing opportunities that promote meaningful career exploration through community partners, and more real-life skill building with special programming in our building. Our students often do not have these types of opportunities available to help prepare them for post-high school endeavors; we aim to give them the tools they need to be successful on any path they choose.
