Why PLA Gary

DAVID AND JEAN PHALEN LEADERSHIP ACADEMY (DJPLA) AND GARY'S LEGACY AND PROMISE

Resilience, Heritage, and the Hope for a Brighter Future

A City Rooted in Resilience

Founded as a steel town, Gary once stood as a beacon of industry, opportunity, and community pride.

As the steel industry declined, so too did many of the businesses and institutions that sustained the community.

Even amid these challenges, Gary remains a birthplace of greatness.

Current Educational Challenges

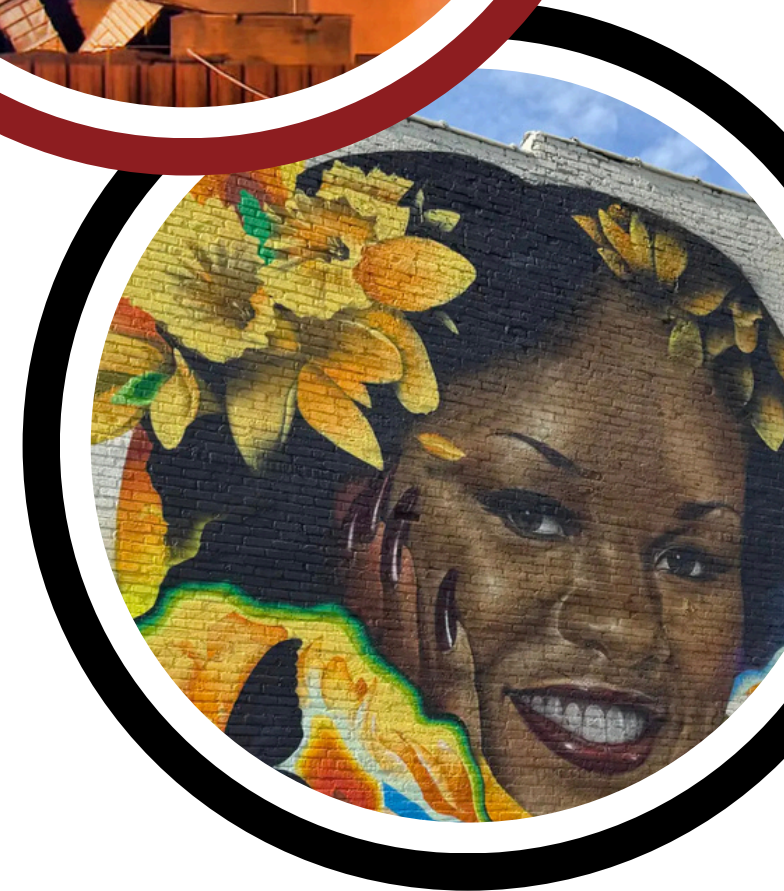

Many schools lack consistent resources to meet the diverse academic and social-emotional needs of children.

Families face high poverty rates, which often create stressors that spill into classrooms.

Academic achievement gaps persist, limiting opportunities for students in comparison to peers across Indiana.

Families in Gary want what all families want: safe neighborhoods, quality schools, and opportunities for their children to thrive.

...Phalen Leadership Academies can help turn that vision into meaningful change.

DJPLA BELIEVES IN GENERATIONAL IMPACT THROUGH A WHOLE-CHILD, WHOLE-FAMILY APPROACH

Quality education shapes confident, capable adults who contribute to their communities.
